

Electronic Bill Presentment and Payment

Speed cash flow and improve productivity by reducing the complexity of paper-based receivables.

Moving from paper to electronic processes can significantly improve the speed and efficiency of your receivables collection and management. Electronic Bill Presentment and Payment (EBPP) from BBVA lets you easily convert expensive paper-based billing and payments into a simple and secure online process. EBPP shortens the payment cycle while improving posting speed and accuracy over manual processes.

How it benefits your business

- Improves cash flow by reducing days sales outstanding
- Provides multiple payment channels
- Eliminates manual and exception payment processing
- Fully integrates with existing back room systems

A complex solution made easy

EBPP offers you a robust system of capabilities that is fully configurable in functionality and branding. Designed to work with your existing account and billing systems, it is a true turnkey solution for revolutionizing your receivables. A daily remittance file allows you to automatically close the receivables that you received a payment for.

Our dedicated team of product specialists works with you to design a custom EBPP solution for your business. The secure payment website is branded with your logo and corporate colors: Your customers see only your company – and your commitment to providing a higher level of service.

Robust Capabilities

The system allows you to accept both ACH or Card payments, as well as present your bills either with summary data or a PDF. Whether you have consumer or business payers, the solution is designed to be tailored to your needs.

Multiple Payment Channels

EBPP not only allows you to take payments online, but also through various other payment channels. You have the ability to utilize an Interactive Voice Response (IVR) system or accept payments made through your customer service representatives.

Let's get started

Your business will want an EBPP portal sooner or later. Let's talk sooner. Visit bbvausa.com/commercial/treasury-management or call 1-888-558-7568.
